

Competition Results

**Remarkable Achievement
Incredible Dedication
Engaged - Future Engineers**

This group of dedicated Mountain View High School students competed in the AZ BattleBot Preliminaries Saturday January 12, 2008

Approximately 20 Arizona High Schools Competed.

➤ **Competition Results:**

- Award for Overall 2nd place (judges split decision)
- Award for Best Engineered Robot
- Mountain Views engineering robot handed Williams High School its first defeat in 3 years of competition.

➤ **Real Meaningful Outcomes!**

- This competition is hosted by the **Arizona Chapter of the National Tooling & Machining Association**
- Over 60 Arizona based High Technology companies
- Member companies are engaged in precision custom manufacturing, and engineering. The Arizona chapter is very involved with **Bots IQ** and have formed a team called **AZBBIQ** to help promote our industry to today's students, and **tomorrow's engineers.**
- **The award for Best Engineered Robot is Significant** as this is judged by some of the best engineers in Arizona.

➤ **Some Amazing facts- from Amazing Students!**

- Accomplished with the help of our dedicated local sponsors,
- Students volunteered nearly 90 hours of Winter Break time, weekends, time before school, time after school, and lunch, to build and test their robot.
- **This engaged attitude was not connected in any way to their grade in IT48, but total commitment to accomplish what excites them!**

Engineering Students Look forward to the **Southwest Regional Competition on February 15, 2008**

Will You help us go to the Nationals?

Donations of any size gratefully accepted
Make checks payable to Mountain View Robotics
Company Logo's can be displayed on Robot if requested!

Team Oske Deuce Sponsors: (Some families and individual sponsors have asked to remain anonymous – We thank all of our sponsors for the opportunities they provide us!)
