TO WHOM IT MAY CONCERN:

March 30th, 2004

JFK Electrical Contracting, Inc. has been a member of the Arizona Builders Alliance since June, 1993. During that time John Krecek, Randy Broadfoot and a variety of management, supervisory and craft workers have been involved with the activities of the Arizona Builders' Alliance.

Mr. Krecek and Mr. Broadfoot have both been active in the ABA's Electrical Contractors' Council. They have been instrumental in variety of activities with that group. In additional, Mr. Broadfoot has been appointed to the ABA's Education Trust Fund overseeing our apprenticeship program in Arizona. Recognizing his contribution and dedication to the industry Mr. Krecek's peers elected him to the ABA Board of Directors. Since then the ABA's Board has elected Mr. Krecek 2nd vice president, vice president and president of the ABA for 2003.

During Mr. Krecek's tenure as president of ABA the association received national awards for its excellence education and legal programs. He has also served at a National Director of the Associated Builders and Contractors and been appointed as a committee member of its Electrical Contractors Council.

On numerous occasions I have had the opportunity to be around John Krecek and Randy Broadfoot in the company of their employees. These two men truly respect and admire their workers. They are concerned about their workers future as demonstrated by their commitment to education and training.

Their commitment to excellence extends through every aspect of the company's operations, including the work put in place in the field. They have many repeat customers who can verify the quality of their work and their attention to detail.

I hope you will give serious consideration to using JFK Electrical on your next project. Please don't hesitate to call if I can provide any further information.

Sincerely,

Mark Minter
Executive Director

An Alliance of the ABC and AGC Building Chapter
